

Tell Me How e-BAS Accounts Can Assist My Business

- Out-sourcing your bookkeeping - Let's face it, you're better at running your business than doing bookkeeping. Let one of our professional bookkeepers take care of your accounts and gain back much-needed valuable time.
- As a registered BAS Agent, we can process and lodge your BAS and IAS for you.
- Remote (Cloud-Based) services means you can access our services from anywhere in Australia.
- Fixed-Price Bookkeeping Packages - always know how much to pay - no hidden surprises!
- Secure Login - Upload and access your documents anywhere, any time. Collaborate with us at every stage of your bookkeeping assignment.
- Having your very own accounts manager, means that you will only be dealing with one e-BAS Accounts team member who truly understands your business.

About Us

At e-BAS Accounts, we love the online arena; in particular we love to work in the "cloud". We encourage the use of cloud-based accounting programs especially Saasu and Xero because they promote collaboration, transparency and accountability between us and our clients and we think that's extremely important! We utilise several online applications at e-BAS Accounts so that we can deliver our services to clients remotely. We believe remote delivery is an efficient yet simple business method allowing us to connect with our clients anywhere and anytime; being flexible is what it's all about and working in the cloud allows us to maintain this flexibility. We are proud to be an online BAS Service Practice and we think that you'll be thrilled with the results you'll achieve for your business by becoming an e-BAS client!

Our Services

At e-BAS Accounts, there are two types of services available:

BAS services and
Bookkeeping services;

Why are there two types of services?

e-BAS Accounts is a registered BAS Agent with the Tax Practitioners Board . What does this mean? It means that we are legally able to provide BAS services to you and as such, you can rely on our work to satisfy your tax liabilities and obligations with the Tax Office. Since the establishment of the Tax Agent Services Act 2009 (TASA 2009) it is illegal to engage a bookkeeper who is not a registered BAS Agent to perform BAS services for your business for a fee. So BAS services, because they can only be performed by BAS Agents (like us!) are not the same as general bookkeeping services.

BAS Services

- BAS preparation & Lodgement
- Providing advice about a BAS Provision
- Payroll Tasks including superannuation
- End of Year Reporting
- Establishing Chart of Accounts including tax codes
- See our website for more BAS Services

Bookkeeping Services

- Data entry
- Bank Reconciliations
- Accounts Payable & Receivable
- General Reporting
- General Record Keeping Tasks

Supported Software

At e-BAS Accounts we support the following software:

Saasu is an online accounting platform available via SAAS (software as a service) i.e. it is web-based. e-BAS Accounts is a Gold Certified Saasu Advisor and as such, we can assist you with your requirements for Saasu bookkeeping. See our website for more details.

e-BAS Accounts is a Xero Certified Advisor so we can easily assist you with your Xero bookkeeping needs. Xero is also web-based software. See our website for more details.

e-BAS Accounts is a MYOB partner. This means we can assist you with any version of MYOB that you are currently using. Visit our website for more details.

Currently e-BAS Accounts supports users of QuickBooks Pro 2009-10, 2010-11 & 2011-12. See our website for more details.
