ATO flicks the switch on Online Services for Business

The old Business Portal has now been replaced by the new Online Services for Business. The new platform can be accessed on multiple devices and will allow you to interact with the ATO more easily. Some of the tasks you will be able to do include:

- view and print tax returns and income tax history
- create payment plans
- switch between multiple businesses (if you have more than 1)
- customise your home page
- access secure mail

You can access this new service by logging in with your myGovID. Learn how to set this up [here](#). For more help about using this new service, go to this ATO [help](#) page.
