New Xero Bank Rules Search Function

Xero has just introduced a new search function for your bank rules. This is very useful if you have many rules in play. To find the new search function, go to "accounting", then "bank accounts", then "bank rules". You will find the search function there as per the below image.

This is apparently one of many new changes coming to Xero in the coming months. I will keep you up to date regarding any changes that will be of benefit to any Xero users out there!
